Have you ever felt that hidden impulse to do something good in economy, religion, politics, something big, perhaps, of a kind to which you did not feel equal?

To Do Better

You probably dismissed the feeling if you did not reduce it to its lowest terms-did not bring it down to the everyday level of your own operations.

You have the impulse to buy a beautiful home for your family, let us say. You may not have the means to acquire just the home of your dreams, but somewhere between it and your present domicile is the happy medium.

There is no reason why you should not acquire that. You may think that even such a home is outside the compass of your means, but in reality it is not. If you set your goal and work toward it consistently, you will reach it. Time and tide wait for no man, 'tis true, but by using them aright they become servants,

To accomplish anything in life we must set an attainable goal, work toward it methodically, and always know that time is a factor

If you have an impulse to do better and the fear that your finances are inadequate is restraining you, the Service Station may show you a clear way to attainment.

0 1925 - CONTINENTAL AND COMMERCIAL BANKS

what was needed. Out on the firing line, I found scores

Out on the firing line, I found scores of business men who were glad to listen when I talked BIG figures in connection with Chicago realty. I found among such men a barren and an inexhaustible field. A virgin field. Themselves the most enthusiastic believers in Chicago and in her splendid destiny, they are desirous of investing in Chicago only in wholesale chunks, because their vision and the value of their time brooks no tolerance of any tenpenny operation.

I am making bigger money than I ever made before, and I am very happy. Profitable as were my years

happy. Profitable as were my years in the piece goods line, I find the opportunities in this field much greater. I am now engaged in work that has a "kick."

I am enjoying every minute in my new found avocation. It is useful, and it is fundamentally sound. At the rate we're traveling, we'll sell out the whole of IVANHOE within a few short months.

A few more big producers will help

us do it that much quicker.
Those of us who are producing big results for BRANIGAR BROS. CO. are not inclined to selfishly "hog" the opportunity. We know there's bigger work ahead when this big job is done.
Welcome, therefore, into our organization. You'll like our work and our ways.

Investors of a speculative turn of mind who have never explored the possibility of wholesale operation in gilt-edge Chicago realty will find a new and interesting chapter open to them in my presentation of the possibilities for sure and rapid-fire profit in Income Lots in IVANHOE—Chicago's stellar Realty development. Correspondence invited.

Damaged Crop So Mature It Didn't Benefit.

BY FRANK RIDGWAY. Field examination of corn in north ern Illinois counties yesterday re vealed that the main crop is too far Both the late and early planted crops were damaged in many cases by the

complaining that the hot, dry weather was rushing the corn to maturity too fast in the northern third of the state Growth was slackened in many field so much that the ears failed to fill WYOMING EARL with plump kernels at the tip. Firing had already set in and is causing se-

Half of Crop Damaged. In Cook, Kane, and Du Page coun counties, corn may be found in various erop is believed to be damaged in Kane county, on some farms where the soil has had enough humus to retain moisture, particuarly where clover or alfalfa has been plowed under, practically all of the husks and blades are still green, while in most of the fields from 75 to 95 per

cent of the stalks were so dry they rattled before the rain. The early corn crop, even this far north, has matured so rapidly with-in the last few weeks that farmers were forced to start cutting it up and putting it in shocks or silos Sept. 1, earliness was partly due, however, to Excellent Silage Crop.

In many northern Illinois countie where most of the farmers are dairy men, practically all of the corn is cut growers do not strive to produce ears

ers say they have an excellent corn crop for silage. Many of the stalks are from 11 to 14 feet high in fields I walked through yesterday. Every silo on the place is being filled this year

Mother of Murdered Girl

Dies at County Hospital Mrs. Margaret White, whose daugh ter. Madeleine, 16, was strangled to death near her home, 5931 South La Salle street, by Raymond Costello, July 10, died of tuberculosis last night at the county hospital. Sorrow over her daughter's death hastened the end,

A SAD occasion we'll agree - but all for the best. It's fun getting books (if not studying) when you visit

Removing the **Factor That Makes** You Hesitate

Nixon Estate Protection Plan - a service unique in area development-safeguards your investment beyond life itself

George F. Nixon & Company, with its aim for a greater service to purchasers of its North Shore properties, has evolved the Nixon Estate Protection Plan that insures a clear property title to the heirs, should the purchaser pass away before completing pay-

To that end an arrangement has been made with one of the largest and oldest legal reserve life insurance companies in the world carrying this protection.

This plan is followed largely by prominent business men assuming obligations of purchase, but this is the first time that such protective benefits have been accorded purchasers of property in or near Chicago. It is a new and novel feature of Nixon service, and is effective as of August 25th, 1925 (inclusive).

How the Plan Benefits You

You are just answering the urge to move suburbanward and the future seems bright-no dark clouds on the horizon and fate always kind.

You make an initial payment—the socalled down payment. You make monthly payments for one year or two years or three years. Then—the unexpected happens death comes.

. Under this Nixon Estate Protection Plan, your investment is carefully safeguarded, for with your unforseen passing away-

Your wife or your estate will re-

For example: You, Mr. Jones or Mr. Smith, buy a lot in any of the Nixon developed areas on the North Shore.

ceive a clear deed to your lot. In addition, your wife or your estate will be repaid in cash all monthly payments made by you on the lot, except the initial or down payment.

You Can Start on Little Money It requires only a little money to start you

Many Other Features in Plan

MADDEN REVEALS VALENTINO TRIES TO STATE OF UNCLE SAM'S MONEY BAG

Chides Business Men for Political Apathy.

A close-up of the "nation's pocket-book," in a word, the low down on the income and outgo of government rev-enues, was given Chicago's commer-cial leaders yesterday by Representa-tive Martin B. Madden [Rep. III.].

Association of Commerce at a con at Hotel La Salle, reduced seech to figures and facts and

"You can't have any better govern

congress when it meets in December.

"I would like to see," he said, "a law requiring the President to give to the income taxpayers of the nation the benefit of all free surplus of \$50.

"I would like to see," he said, "a law requiring the President to give to the income taxpayers of the nation of the benefit of all free surplus of \$50.

"I Lynn Harold Hough of Detroit will be taken up by an investigating committee to convene before the conspecial action by congress.

most every day when I am in Wash-ington. I have dealt with other Presi-dents, too, and they have not all been so willing to sustain us."

Mr. Madden pointed out that mos people regard the government as a separate entity on which there is no limit in the amount of money that can be appropriated and spent. This impression is not limited to the man on the street, he said. Big business men and some high government offi-cials seem to be afflicted the same way.

Gives Fiscal History.

Here is some of Mr. Madden's fiscal sistory: Before the world war the cost of government was about one billion dollars a year. One year during the war it reached nineteen billion. The

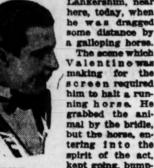

war it reached nineteen billion. The total cost of the war was fifty billion, more than twice as much as the government spent from the declaration of independence to the war's beginning. Since the war the cost has been cut to \$3,500,000,000. Congress has made appropriations for \$4,235,000,000 less than demands made on it since the war closed and \$355,000,000, less than requested since the budget was established.

Appropriations were \$800,000,000 less in the 67th than in the 66th con in the 67th than in the 66th congress and \$375,000,000 less in the 68th than in the 67th. Taxes on incomes during the same period have been reduced \$1,225,000,000. Since the war \$5,000,000,000 has been paid on the public debt, reducing it from \$25,500,000,000 to \$20,500,000,000. Existing and contemplated economies have assured a further reduction of \$350,000,000 in taxes on incomes.

Sues Union Official for

Divorce; Charges Cruelty and cruelty are a few of the things charged against Charles H. Webb, business agent of the Garage Employes' union, in a divorce bill filed yesterday by Mrs. Mary Webb, 1912 North Halsted street. For the last three years Webb has gone on spress three times a week, the wife charges. He deserted her in February and went to live with another woman; and often he best her severely, according to the bill.

I he fastest selling high powered car in Chicago

Why the Oné-Profit Big Six Sedan outsells all others here

By HENRY LEVY, President The STUDEBAKER SALES COMPANY of CHICAGO

ONTH after month Studebaker Chicago sales sweep on to new high peaks. In July alone we sold as many One-Profit Big Sixes as were sold during the first three months of 1924-and twice as many as any other make of car with equal power. A phenomenal record.

In Chicago the Studebaker Big Six is the fastest selling high-powered car.

This is based upon the rating of the National Automobile Chamber of Commerce. According to this rating only seven American cars equal the Studebaker Big Six Sedan in power. And they sell for two to four times

These seven cars are the cream of America's automobile production. Among the most costly cars on the road today. And yet, in practically every vital detail-performance, comfort and engineering refinements—the One-Profit Big Six Sedan offers you identical advantages-at less than half the price.

Actually a Better Car in Spite of Lower Price

Tremendous mileage records achieved under gruelling conditions by numerous Big Sixes testify to the rugged integrity of this chassis. It stands up because it is not assembled but manufactured as a unit by Studebaker. Being built as a unit it functions as a unit and yields scores of thousands of miles of excess trans-

To the powerful engine and sturdy chassis Studebaker adds a body so staunchly built, so finely finished, that no car at any price excels it. These superiorities are possible at the price for two reasons:

I. Studebaker is the only manufacturer in the fine car field equipped to make all its own bodies, engines, gear sets, springs, clutches, differentials, steering gears, axles, gray-iron castings and drop forgings. Thus, Studebaker eliminates from the price you pay the extra profits and overhead of outside parts and body makers.

2. Unlike the other high-powered cars listed, the Studebaker Big Six benefits from the great economies incident to volume production. It is manufactured in company with two other chassis models in the finest plants owned by any individual manufacturer except Ford.

Increased volume of sales—founded on Studebaker's policies of One-Profit manufacture and no yearly models-made it possible to reduce the price of this Big Six Sedan \$330

Today you can buy the same Studebaker Big Six Sedan that has won fame the world over for its power, comfort and tremendous reserve mileage, at this new reduced price. No change has been made in quality-however, bumpers, spare tire, cover and motometer are no longer furnished.

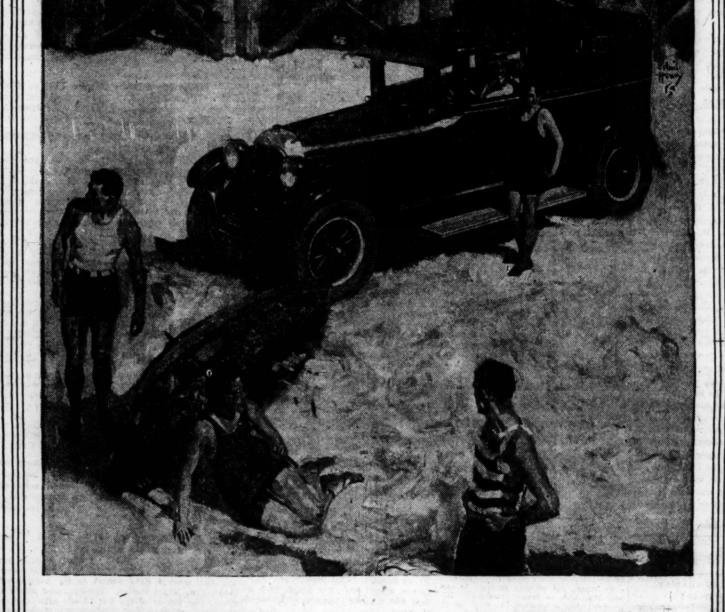

This Studebaker Big Six Sedan is built to hold seven passengers in real comfort. The chassis and engine are especially designed for the seven-passenger body. Full-size balloon tires and snubbers add to its case of riding.

Superiorities Both Obvious and Concealed

The factor of power is something that is easy to measure and compare—but in hundreds of hidden places throughout this Studebaker Sedan you will find standards of quality, comparable only with a few of the very finest cars.

It is richly upholstered in genuine mohair—not a cotton or wool mixture, but the silky fleece of Angora goats. Metal hardware is of butler silver finish. Dome light, corner reading lights are included in the

Lights are operated from the steering wheel. In

TODAY one person out of eight who buys a car selling for over \$1000 selects a Studebaker in preference to 57 other competing makes. This is a nation-wide average—based on Studebaker sales all over the country.

But where motor cars are used under widely varying conditions, over gruelling mountain trails and blistering desert sands—these Studebakers sell best. For instance, out in Arizona, the proportion is one in four instead

NEW FACTS ABOUT POWER

ONLY 7 American automobiles have more power than the Studebaker Big Six, based on the ratings of the Society of Automotive Engineers and the National Automobile Chamber of Commerce. Those with 1% more power are more than 100% higher in price. Those with a third more power sell for two or times the price of the Big Six, as shown by the following table:

Studebaker Big Six
N. A. C. C. and S. A. E. rating—36.04
Price of 7-Passenger Sedan f.o.b. factory \$1245.

Car A— 1% more power \$2755 higher price Car B— 1% more power \$2855 higher price Car C— 7% more power \$4755 higher price Car D—25% more power \$5855 higher price Car E—31% more power \$7430 higher price Car F—35% more power \$4565 higher price Car G—35% more power \$7255 higher price

Not one of these manufacturers enjoys Studebaker's advantages of volume production. In spite of moderate, prices to the purchaser, Studebaker engineering, construction and workmanship is not excelled in the most

Study this combination of features and you will see why the Big Six Sedan is more up to date than the newest yearly models.

Sturdy Body Construction—fine Northern white ash and hard maple are used. We pay a premium to get the best quality of steel.

Full-size Balloon Tires—for which the steering gear, fenders and even the body lines are specially designed. Automatic Spark Control-climinating the usual spark lever on steering wheel.

Emergency Brake operated from the dash, thus giving more front seat room. Another exclusive Stude-baker feature.

Safety Lighting Control-on the steering wheel, at the

Instruments-including 8-day clock, gasoline gauge, speedometer, oil pressure gauge and ammeter, in single grouping under glass, on beautiful silver-faced dial.

Improved One-Piece Windshield-automatic windshield cleaner, weather-proof visor, rear-view mirror and attractive cowl lights.

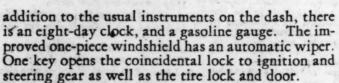

Coincidental Lock—to ignition and steering wheel, which serves to reduce the theft insurance rate on Studebaker cars—a single key operates this lock as well as that on the door and the clever device on the spare tire carrier.

Extension Lamp on Ten-foot Cord. Cowl Ventilator - operated by foot.

Combination Stop-and-Tail Light.

Completely Machined Crankshaft—to obtain perfect engine bafance and thus reduce vibration to a minimum. Oil Drain Valve-at side of engine, for draining engine oil without getting under car.

Waterproof Ignition—even the spark plugs are protected from moisture by rubber shields.

Plus Superlative Local Service

In Chicago we offer you the most efficient and satisfactory type of local service. Our million-dollar Service Station at 24th and Federal Streets is the largest in the Middle West. Our factory-trained Studebaker mechanics are thoroughly familiar with all Studebaker models. And factory equipment has been installed so that we can do all types of work accurately and in the shortest possible time.

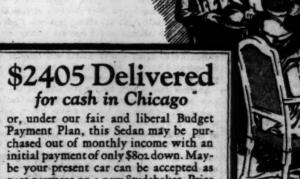

Here in this modern service station Studebaker owners obtain service unmatched in thoroughness, economy and speed. Service ranging from oiling and greasing to the rebuilding of cars damaged by accident.

We use the standardized Flat Rate System, which means that you know in advance exactly what the cost will be. There's no guesswork. We tell you the price before you leave your car. And it's always ready at the time agreed upon-without annoying delays.

No Yearly Models

The Studebaker policy of "no yearly models" is a further protection to owners. Under this policy Studebaker cars are always up to date-we add improvements from time to time and do not save them up for spectacular annual announcements which make cars artificially obsolete.

Why not come in and see this "one-profit" Big Six Sedan some day this week? To those who do not wish to disturb other investments we gladly extend the convenience of our fair and liberal Budget Payment Plan.

be your present car can be accepted as part payment on a new Studebaker. Price quoted above includes freight and war tax and is the Chicago delivered amount. Come in and let us show you how easy it is to own a Studebaker.

At any rate, no new department should be added to the government unless the need for it is pretty clearly shown.

ARMAMENT LIMITATIONS IN EUROPE.

security agreements are completed. It is said this another step toward limitation of armament.

which is not for us to solve and our interest in accord the same privileges to Canadians. European governments. Our security is not involved, at least so long as we have a navy strong and more British ships into Lake Michigan enough to make invasion prohibitively hazardous and expensive. On the other hand, land armament is vital to the security or, at any rate, to the peace of mind of many European nations, and also involves complicated considerations of international responsibilities, of finance, and of political ditions. In working out agreements for reduction, we are likely to be more a hindrance and an irritation than a help. Since our army is too small to threaten any European country, we have dat ghost a dollar eighty-seben!"-American Legion nothing military to trade with, except the one thing we are not willing to give, a pledge to give

in Europe is one we can help most by our absence ent at a boxing match. we are willing to promise military or rial contributions to support the conventions champion," he roared. upon. It is true we are interested in the "Well-" said the editor of European relations and the reston of European peace and productivity. We in

hope therefore to see military expenditures re duced and soldiers returned to civil activities. But we can do more indirectly while retaining our full freedom of action than we can by trying to take part in the difficult adjustment of relative armaments, and we believe this has been demonstrated by the effect upon European policies of the President's hint that American financial aid is not likely to go to nations indulging in excessive military expenditure.

The signs of pacific mood among European governments are very welcome to us and we hope a general reduction of armament expenditures can be arranged. But that is a European problem and unless France is willing to reconsider the naval situation created by the Washington conference, we would do well to let Europe make its own adjustments of land strength.

THE MAYOR'S MUNICIPAL

WATER METER FACTORY. Mayor Dever wants Chicago to manufacture its own forthcoming water meters. It is hard to see certain kind of cancer is too small to "Our Country! In her intercourse with why the mayor should want to have the city enter be seen with the most powerful microright; but our country, right or wrong." ELDERBERRIES. My Pap was pickin elderberries Out by the hedge one day, An I says, "Pap, what fer you pickin elderberries!

An Pap he says, "Now Buddy, run away!"

He put em on a stove a-stewin Without the least delay, An I says, " Pap, what fer you stewin elderberries? An Pap he says, " Now Buddy, run away!"

An then he squshed em in the cellar. They foamed like river spray, An I says, " Pap, what fer you squshin elderberries An Pap he says, "Now Buddy, run away!"

An then Doc. Scuppers come a-callin An Doc an Pap was gay, An I says, " Pap, what fer you drinkin elderberries?

An Pap he says, " Now Buddy, run away!" An when I thought they wasn't lookin I took a swig . . . " hooray!"

An Pap he sniffed, "What fer you snoopin elder berries?" An I says, " Pap, now, h-i-c-c-c, you run away!"

ECK RIDE

How you can have a Lisetime Guarantee of automatic heating-comfort

Facts and figures of interest to every home-owner, and every prospective home-owner. This guarantee, matched by no other heatingdevice, today operates in 24,326 homes. Made possible by the permanent organization, the permanent efficiency of NOKOL.

O YOU realize that a lifetime of clean, bother-free, automatic home-heating is being guaranteed, today? That 24,326 American homes enjoy this guarantee, this comfort? That the costs are less than coal?

It is so—as you may judge from the plain facts, following. The information should aid you in considering the matter of home-heating, and in deciding wisely.

What is biggest question?

In considering many conflicting claims and statements, one fact will guide you. No oil burner can give permanent satisfaction, permanent comfort, unless it is permanently efficient. How are you to know?

Ask and determine the truthful answer to this one question:

"Is it, mechanically, so efficient that I will get permanent service of the kind I want? Is it produced by a permanent, solidly organized manufacturer who guarantees that I will be permanently satisfied, and who has the stability to insure lifetime effectiveness of that guarantee?"

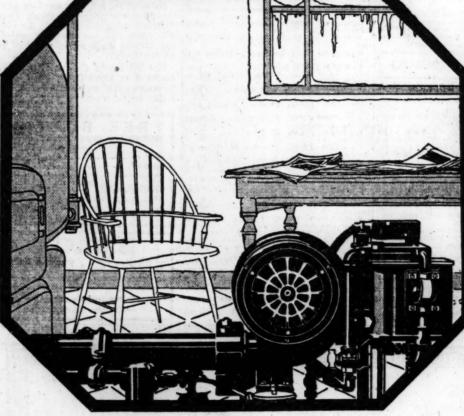

The answer to that question is the answer to every question about automatic heating-comfort.

Here are the facts

There are today approximately 75,000 American homes heated by automatic oil-burners.

These oil-burners are the products of 347 different manufacturers.

Of the 75,000 installations, 24,326 are NOKOL. (And these figures include only oil-burners actually installed in homes, actually used in home-heating. They do not include the countless thousands of oilburners produced by these 347 manufacturers,

which are still in the hands of dealers—waiting sale.)

This of course means that more American homes are heated by NOKOL than by any other oil burners. About 30% of the total are NOKOL installations. The other 70% is divided among 346 other manu-

The oil-burning industry was founded by NOKOL. Today the leadership is with NOKOL.

Your whole interest in this lies in the fact that it is the only way in which permanent heating efficiency and permanency of the manufacturer can be judged. That is obvious.

Result, a lifetime guarantee

This permanency of NOKOL, this stability of organization, this permanent efficiency, enable NOKOL to give guarantees matched by no other heating device - coal or oil-

All you want from any heating-plant

In NOKOL you get this comfort in

Attractive terms of payment arranged if

you desire

gives all the heat you want, without dirt, work, trouble or interruption. And this is guaranteed to you on a lifetime basis.

the greatest degree because: it is automatic,

A few of the reasons back of this fact may interest you.

Why this efficiency ... and economy

There is one feature which belongs exclusively to NOKOL—and is fully patented. That is a combustion chamber which completely burns all the oil, and the kind of oil which experience has proved best for reliable, automatic heat.

In this chamber the 1600 degrees of heat necessary for economical, efficient fuelburning is developed in 30 seconds! Lacking this feature, other burners cannot burn such proper fuels-except at prohibitive cost.

Burning cheap distillate, fuel-costs for NOKOL are less than for hard coal. To the best of our knowledge and experience, they are less than for any other oil-burner-using any kind of fuel.

There is no smoke or soot. There is no odor, and

On expert opinion the fuels for NOKOL will always be as plentiful, as easy to get as they are today.

A SPECIAL NOTICE to present home-owners

No matter what the size of your home (or building) there is a size of NOKOL installation to heat it efficiently. A size neither too small nor too large.

There is still ample time to discuss it with one of our engineers (without obligation). There is still time to have the installation made for the coming winter, and to have it done right.

> But . . . our installation calendar is rapidly filling. We suggest, even urge, that you act most promptly. Come in, telephone, or mail the coupon-whichever is most convenient.

THE TRIBUNE

Have You Seen the New Monthly Country Gentleman?

A year ago The Country Gentleman quietly put into effect certain important changes in editorial policy. The success of these new policies has been reflected by a sharp increase in circulation.

To carry our program to its logical conclusion required more space and so it seemed best to change The Country Gentleman from a weekly to a monthly magazine. This permits that widening of scope, and extension of editorial appeal, requisite to make The Country Gentleman what we intend it shall be—the foremost publication in America for those whose

homes, or whose interests, are in the country.

The new form allows not only an editorial content which embraces every member of the family—a wider field of interests and activities: it also permits more extensive, and more intensive, treatment than was before possible of all those questions and problems that are of direct and vital interest to everyone whose livelihood comes from the soil.

In its mechanical makeup the new monthly Country Gentleman represents a new standard for farm papers. Printed on the same quality of paper as that used in The Saturday Evening Post, and having the same page size, it carries both black and white and two-color illustrations and advertisements.

Any manufacturer who wishes to talk to the most worth-while rural families of this country will do well to study the new possibilities opened to him by the new monthly Country Gentleman. An indication of the unusual quality of this publication may be had from the following list, showing some of the features and authors appearing in the September issue:

EX-GOV. FRANK O. LOWDEN
A call to industry to help agriculture.

ANDREW W. MELLON A Permanent Tax Policy.

THOMAS R. MARSHALL
His experiences as Vice-President.

Illinois Agricultural College.

E. DAVENPORT

DEATH NOTICES

Moderate Prices Will Prevail in the New Section of

Rosehill Mausoleum

In the same magnificent memorial edifice where many of Chicago's finest families own repository rooms, other families, less affluent, are now enabled to make reservations.

This is due to newly discovered economies of space arrangement which are being effected in the extension of the Rosehill Mausoleum.

The additional unit, now being built, will be in no respect less beautiful than the original section, but single crypts in it are being sold for as little as \$450, and private rooms accordingly.

Thousands have yearned for the ability to pay this sublime reverential tribute to their dear ones that ownership of space in the Rosehill Mausoleum makes possible. Now the new low prices effective in the new section bring the opportunity closer to every-

Hearing Restored

This is not an "aid to hearing," not an appliance to be worn in the ear, or on the person. It is a treatment administering a sound-wave vibratory massage so perfectly controlled that persons in all stages of deafness can be made to instantly

If the arm is broken and carried in a sling for weeks, when the sling is removed, the arm is useless. Its usefulness is

the sling is removed, the arm is useless. Its usefulness is restored by massage and exercise. In the treatment of impaired hearing, we apply the same principle to the ear, introducing a sound-wave vibratory massage and exercise which induce normal hearing.

If the delicate bones and muscles of the middle ear have become rigid, or the functioning of the ear is interfered with, this sound-wave vibratory massage tends to loosen the rigidity, to strengthen the muscles, and induce proper blood circulation to return to these parts, aiding nature in the restoration of a healthy and functioning condition.

If you are deaf, hard of hearing, or troubled with head noises, call and let us give you a private demonstration of the Audio which makes possible the restoration of your hearing to a state of practical usefulness.

Your Allure Don't imperil it . . . some days

This NEW way solves women's oldest hygienic problem so never a day's charm is lost pad. And that means great

BEING fresh and charming every day has ever been the average woman's problem. But today . . . the modern woman meets it with a smile. Science has supplanted the uncertainty of the old-time sanitary pad with protection that is absolute.

You wear your filmiest frocks, your summery things in confidence. You motor for hours, you dance, you dine; you come in contact with others without a second thought. The name is Kotex . . . a method scientifically right.

It is as easily disposed of as a piece of tissue — ending an old-time embarrassment. It is deodorized. And that prevents danger of offense.

You get it at any department store or drug store, just by saying "Kotex." And that banishes the embarrassment of asking for a "sanitary pad." of asking for a "sanitary pad."

8 in every 10 women in the
better walks of life have
adopted it. Which proves its
benefits.

It will mean much to you in
health, in daintiness and protection. It proves old ways a
needless folly.

It absorbs 5 times the mois-ture of the ordinary cotton

MONUMEN

Prosit is ahead of you! Follow Your Inclination to Better Your Tinancial Position

President Harding Said-(In a speech at Seattle, July 27, 1923)

Fur farming will become as permanent a source of wealth as cotton in the South or corn in the Mid-West."

The U. S. Department of Agriculture Says-

bably no other live-stock enterprise

Read How You Can Share In The Golden Harvest From Fur Production

Does profit interest you?

You have envied those fortunate—or far-seeing—enough to get in "on the ground floor" of a new industry and share in its spectacular growth.

Here is your opportunity to do likewise. Profit by it!

Learn What Others Have Done

Yearly profits—with entire safety of investment—ranging from 21% to 75% and over are being earned by our clients. Will such profits satisfy your desire for better things?

Produce Furs—By Proxy!

Our business—and your opportunity—is the production of fine furs to satisfy an ever-increasing demand that already runs in millions of dollars every year.

Fur farming is a practical road to profit and prosperity that has been proven. Millions are invested in it-but millions more are needed. There is opportunity to share today in this marvelous new dusiness—made possible because Milady must have beautiful furs-and wild animals are becoming more scarce every year.

Investigate Now-Don't Wait To Envy Those Who Do

The plan we are ready to outline to you is rock-ribbed in its soundness—based on world-wide demand—reinforced by powerful national advertising. We have a standing order from the great Pontiac Strain Organization for every fur we can produce. You can help—and in so doing profit largely.

"But"-you say-"I don't have any place or experience for successful fur farming." You need neither - you can raise furs by proxy-with a contract for your entire output for many years ahead.

Follow Your Inclination to Enjoy a Greater Income—the Coupon Will Bring the Complete Plan.

BELMONT AVENUE 100% CO-OPERATIVE

Location

N all Chicago there is no more desirable location than the Lincoln Park Yacht Harbor District at Belmont Avenue. Living at "444" you will enjoy fast transportation to Loop activities, while just across the Drive, Lincoln Park offers swimming, boating, golf, etc. The refined, high-minded people who live thereabout make "444" the center of a most exclusive neighborhood.

A Real Liveable Home

Here you can purchase a permanent home of 6 large, airy rooms, 3 baths, 10 closets, breakfast room, a glazed, screened, heated sleeping porch; artificial icing, elevator service, and countless other features in a 7-story reinforced concrete, sound and fire-proof building. The building will be owned by you and eleven other families of character and refinement. There are two apartments to a floor -the first floor being a well appointed lobby. Every detail has been carefully worked out to insure your permanent comfort.

Low Cost

The prices range from \$12,200 to \$14,700, depending on location. Carrying costs are ex-ceptionally low; about one-half the present rate of ordinary rental. You will own a home in this coveted neighborhood 80 per cent cheaper than if undertaken individually. Terms can be arranged to meet your requirements.

How the Coal Strike Strikes the Public

A NGRY suspicion that neither the operators nor the miners really tried to prevent the deadlock that closed the anthracite mines on September 1st finds expression in many an editorial and news dispatch, as reported in this week's issue of "The Literary Digest" dated September 12th.

The consumer of hard coal, confronted by the prospect of paying a higher price for his winter's supply, reads with smoldering resentment of the rich profits predicted for the operators and distributors from the large surplus supplies of anthracite already above ground. Nor does he feel any profound thrill of sympathy when the correspondents describe the "festival spirit" in which the miners welcome their enforced vacation.

The anthracite companies, declares President John L. Lewis of the United Mine Workers, are using the strike "to unload at enhanced prices a greatly augmented tonnage of inferior coal." The miners, retorts an official spokesman for the companies, are using

the strike to force a wage advance which would have to come ultimately out of the public's pocket. Another charge hinted at by the operators is that the United Mine Workers Union is sacrificing the anthracite field to serve its purposes in the soft coal industry. But while each side is accusing the other of forcing the suspension for ulterior motives, disinterested journels are blaming them both for this "strike against the consumer." "The periodic coal strikes of recent years have been manifestly directed primarily against the public, and this is even more true of the present strike than of previous struggles," remarks the Buffalo Express. "Both miners and operators have surrendered all claims upon public sympathy," declares the Albany Knickerbocker Press, which denounces the strike as "inexcusable and senseless." Remarking that "neither side to the controversy has shown the right spirit," the St. Louis Star points out that the operators, in a position to profit whichever way the situation developed, "have been arbitrary"; while the miners, "demanding a 10 per cent increase and the check-off, with wage adjustments for those employed by the day, have refused arbitration."

The leading article in "The Literary Digest" this week, September 12th issue, presents the story of the coal strike in all its various phases as gleaned from the newspaper press of America. It shows the prospects for and against an early settlement, and tells of the substitutes that have been proposed for the use of hard coal.

Good News For the Rent-Payer

Another of the many interesting articles in this week's "Digest" is a review of the recent announcement of the Industrial Conference Board that for the first time in ten years the upward flight of rents has been checked. It points out the rent reductions that have taken place in Chicago, Buffalo, New York, Detroit, Cleveland, and Los Angeles. In

addition it reviews the housing situation throughout the country and shows how building construction is progressing. This article is accompanied by a graph which illustrates the text.

Tammany's Bitter Rough and Tumble Fight

Daily demands from cities in every corner of the country deluge New York political headquarters for information about the Smith-Hylan battle in the ranks of the Democracy of the metropolis. The whole country is watching it, as the press comment clearly indicates. The chief factor in arousing outside interest, according to the New York papers, is the widespread conviction that Governor Smith's political future is bound up in the result of the primary on September 15th. As one paper says, "If the Smith-Tammany forces cannot defeat Hylan, it almost certainly means good-by to any aspirations

the Governor may have for the nomination next year as an opponent of Senator Wadsworth." There is also the old Smith-Hearst feud, since Mr. Hearst and his papers are backing Hylan, and the anti-Hylan editors insist that a Hylan-Hearst victory would put Hearst in complete control of the city and seriously injure Governor Smith's prestige. All the interesting developments in this extraordinary struggle are reflected in "The Literary Digest" this week.

NOW

The greatest values in automobile history

TN THE SERIES OF CARS just presented, General Motors believes that Buick, Cadillac, Chevrolet, Oakland and Oldsmobile are offering the greatest values in the history of the industry.

Important improvements in chassis construction give greater simplicity and afford increased performance. Refinements in body designs add greatly to attractiveness and comfort.

Every change has been made with quality as the prime consideration. Quality is the first law of General Motors. Enormous sums have been invested in more intensive engineering, in labor-saving methods, in reconstruction-wherever a better result might be achieved.

Naturally, great economies are attainable in such an organization as General Motors. It enjoys every advantage of quantity production; it sells in every market of the world. General Motors is passing these economies on to the purchaser. This makes possible the extraordinary values now offered.

The public may depend upon these values. Every car is a car of quality.

"NO BURIED ADS"

A Major Advantage Liberty Alone Offers

Every advertisement in Liberty is given full position, next-to-reading matter, at or near the BEGINNING of an editorial or fiction feature...

Do you wonder then that advertising results are being multiplied?

IN THREE major ways,
Liberty is cutting advertising waste. In important
ways that determine greatly
the balance between advertising success and failure.

No ad in Liberty can be buried. And that means a full reading. A mediocre ad seen by ten thousand buyers will outrival a great ad that a million miss.

Due to a unique type of make-up that NO OTHER PUBLICATION YET EMPLOYS, every ad in Liberty is printed next-to-reading matter, at or near the BEGIN-NING of a story or a feature.

Twenty years ago, that would have been a minor factor. But publications then carried but a fraction of today's advertising volume.

Every ad in Liberty "Meets the Wife, Too" in the weekly field, and that's another major factor. 85% of all advertisable products are influenced by women in their sale.

Due to unique editorial appeal ... one as yet

THE big factor in advertising today is the elimination of waste.

Waste in circulation.

Waste in limiting efforts either to women alone or men alone on products influenced in their sale by both.

Waste incurred in "buried" ads . . . ads passed unseen by the reading public.

By the development of 3 major factors in avoiding waste—factors relating to make-up, editorial appeal and distribution of circulation—Liberty has largely upset the advertising situation in the weekly field.

mastered by no rival publications ... every issue of Liberty appeals alike to men and women. And that means a 100% reading in the home.

Every issue of Liberty circulates 78% in the important trading centers which return 74% of the taxable incomes of the country, 47% of the total motor car registration, and which consume the great percentage of all advertised products.

That is due to modern circulation methods. Methods studied to appeal to the spending people in the big spending districts of the United States.

Those three factors have largely changed the advertising situation of today in the highly competitive weekly field.

They have reduced inquiry cost 40% and more. Have multiplied sales returns. Have opened a virgin field, comparable only to the less competitive days of years ago, to advertisers who seek the utmost in advanced advertising.

Do you wonder that they have?

TAX DODGERS AND THEIR ADVISERS New York, Sept. 9.-(P)-A vigor

U. S. GOES AFTER

ous campaign against income tax dodgers, especially large corporations and wealthy individuals, is being planned by Assistant United States's Attorney Frederick C. Bellinger, recently assigned chief of the tax frauds bureau. Mr. Bellinger announced today that

the ridiculously small income taxes paid by certain individuals and business firms prompted the establishment of the frauds bureau.

A clique of so-called expert ac-countants who are alleged to have made a specialty of showing wealthy individuals and firms how to beat the income tax was attacked by the attorney, who stated that he would also subject them to an investigation.

Wash Off Those ROLLS of FAT!

Reduce Your Ankles Legs - Arms - Hips - Double Chin with

DR. FOLTS' SOAP

Scientific formula put up into convenient soap form reduces fat parts without affecting other parts of the body

Today, thanks to DR. FOLTS' SOAP, it is easy for any woman, young or old, TO MOLD HER FIGURE INTO THE EXACT PROPORTIONS SHE WANTS—why should anyone diet or exercise—when a simple and easy application night and morning with DR. FOLTS' SOAP WILL MELT AWAY ROLLS OF FAT EVEN OF LONG STANDING—if you only wish to "trim off the edges" of your figure—set rid of a double chin—or slenderise big legs, arms or ankles, etc.,—a few applications of DR. FOLTS' SOAP will do it. It will give you the straight girlish figure which everyone admires.

Every day men and women write that they have obtained astonishing results with DR. FOLTS' SOAP—The best way to convince yourself of what DR. FOLTS' SOAP can do its ogst it today from any good drug or department store—then make this simpla, easy convincing test! Apply a good lather of DR. FOLTS' SOAP, on fat parts for a few minutes night and morning, then wash of—You ahould notice such a wonderful change in a few applications that you will know you are at last on the right track to reduce. If your druggist is out of DR. FOLTS' SOAP, he can order it from his wholesaler, or you can send a check or money order direct to the Scientific Research Laboratories. 1841 Broadway, N. Y. C. De. Folts' SOAP. THE ORIGINAL AND GENUINE REDUCING SOAP—IMITATIONS MEAN FAILURE.

Come, live in the

LAKE COUNTY COUNTRYSIDE

-on the rim of Chicago

71TH the completion early next spring of the Skokie Valley Division of the North Shore Line, furnishing high-speed transportation between the Loop and the villages of Libertyville and Mundelein, these beautiful communities, long inconvenient of access by those who must daily go into Chicago, will become available as a most accessible place of residence.

It is now, before the final work on the North Shore Line's Skokie Valley Division is completed - now, before the thousands become acquainted with the beauties of this region by means of the new high-speed transportation, that those who have been hoping to locate in this peaceful, picturesque, real countryside will wisely make

their selections. The properties offered by the Lake County Land Associationcomprisethe choicest of the Lake County suburban home sites, situated in and adjacent to those picturesque villages of Libertyville and Mundelein. Not in the subdivision business in the usual sense of that term, not in competition with the efforts of others who now are or who later may become engaged in presenting the advantages of Lake County suburban home sites to the public, the Lake County Land Association has as its program the encouragement of home building.

For this reason, the prices of the home sites available in Lakewood Heights, the Lake County Land Association's first development, located in Mundelein, are most invitingly moderate.

It should be a distinct advantage to every

head of a family in Chicago to visit this suburban development as our guest, without obligation.

Interesting descriptive folder will be mailed on request.

Positions Open: Progressive men of character and bearing - and women - who are anxious to make a lifetime connection with us are invited to call at our Chicago offices.

McCall's continues its Onward Sweep

THE gain in the net paid circulation of McCall's Magazine, during the first six months of 1925 over the corresponding period of 1924, was 293,773, almost double the net increase of all other women's

magazines combined. The onward sweep of McCall's has continued uninterruptedly for eight consecutive years. This constant gain is the most remarkable record ever made in the field of women's publications.

The Average Monthly Net Paid Circulation of McCall's Magazine from January through June, 1925, was

2,115,226

A MILLION women will buy the October issue of McCall's at the newsstands. This is the first time in publishing history that any woman's magazine has sold a million copies over the counter. This nation-wide acceptance of McCall's comes directly from the public to the magazine. It is not created by forced-draft methods. It is the result of the definite impression which McCall's registers indelibly upon the minds of its readers—the appeal of well-balanced departments and of matchless fiction.

Public rating such as this is always right—whether it is applied to an automobile or to a magazine. It is the only real estimate of the actual editorial worth of the magazine and consequently, the only genuine measure of its value as an advertising medium.

McCall's has the vigor of successful growth. It gives the advertiser at once the full significance of public acceptance, prestige, visibility and dealer influence, without which no advertising can produce satisfactory results.

The most remarkable record ever made by any woman's magazine

RUBBISH!

The Pearl Headed Pin

By ROY VICKERS

SYNOPSIS,

aty years are Margaret Hallett had been married to Henry Ledway, who is supto have died in a railroad wreck. He had been accused, with his partner, John
is of murdering a business rival. Selkirk was sentenced to twenty years and is just
the calls on Colonel and Mrs. Hallett to tell them that neither he nor Henry
y was ruity of the murder. The Halletts are remodeling their London home and
latest roce to the dismantled house for a meeting with the contractor, Edward March,
he is waiting for him Ledway comes into the room and threatens her with blackColonel Hallett arrives and as he enters the room Ledway disappears through an
shaft which he mistakes for a hidden stairway. Mrs. Hallett tells her husband
has just occurred and the colonel goes down to the bosement to locate Ledway's
He finds no trace of it and believes his wife has had an hallucination. The next
y unidentified body is found in the river. Mrs. Hallett is convinced that it is her
husband because a pearl headed pin which he had taken from her is found in his
fat the body is identified by Ray Bristowe, much to the bewilderment of Mrs. Hallett,
at of his uncic, Edward March, by means of letters and other papers found in the
set of the dead man.

In the body is identified by Kay Bristove, much to the bewilderment of Mrs. Hallett, is hat of his uncic. Edward March, by means of letters and other papers found in the social of the dead man.

Solkirk is known to be the last person to have seen March and he is suspected of the mode, but the police fail to apprehend him. The pin found on the body is identified as like the solid of the body is identified as that of Lodway—she testifies at the coroner's inquest that she as given the pin to March. Her husband and daughter Joan are astonished and are trather bewildered at the news that March has made his will in her favor. On the way have from the inquest Mrs. Hallett sees Selkirk on the street. She asks Joan to contrive at him secretly into the house, which Joan does. Cornboise, a friend of Joan's, calls on Mrs. Hallett and displays an intimate knowledge of the murder.

INSTALLMENT XXII.

Mrs. Hallett gripped the arms of her chair. . . . She had, as it were, oled into this new turn of events; she had had no sense of shock or of adjust-Her overwrought mind had accepted it as natural enough because so set that was normally incredible had become natural. Now, she experienced rush of belated amazement and anger and fear.

"You have forced the pace," she said coldly; "that was because I am tired Not a Wonder was off my guard. But don't imagine that I am always easily-what is it di-bluffed. There will be no talk between you and me until you have ined both your own position and a good deal in mine that is not yet clear

"Do you know," he said slowly, "you've got me guessing? I can't for the

Jeen's voice outside broke across his words. He raised his voice slightly *If you are not too tired, I should be delighted to explain all you wish to now," he said, and added as Joan rejoined them: "I know Miss Hallett looks me as a conventional old fogey, but I am most anxious that you and Col.

"Ah! That means that they brought in "Willful Marder against me at the inquest."

ad satisfy yourselves as to my bona fides. Could you spare me h

"I should be very interested," assented Mrs. Hallett faintly. "It's most unfortunate," went on Cornboise, "that I have not brought The one who isn't and to whom he c. Dawes, Charles Ivelson, C. In the control of designs we have in mind for our opening parade—they would means to leave his money, is a nephew, lee, Mrs. Rockefeller McCormick, John Muyeen, Philo A. Otis, Charles H. show you at a glance the type of gown we are aiming at; nothing is to be artist son of Caleb's artist brother and

them from the studio, but—"

Swift, Lucius Teter, Gregory T. Van
The boy, refusing to give up his 'I'll fetch them while you are explaining the business details," volunteered

Joan. "O, yes, I will, if you'll tell me exactly where to find them. I want my family to be convinced I'm not going to let it down. . . . You'll be able to discuss things after lunch, mumsie?"

wealthy relative, angers the old man, and in a fit of rage he makes a new will leaving his estate—ALL of it—to discuss things after lunch, mumsie?"

There was a touch of impatience in the question. Mrs. Hallett knew that, a worthless relation named Hector. Not club for many years, has recovered the formal formal for the devoted for in her daughter's eyes, she was showing a preoccupation that was inadmissible, even in view of Selkirk waiting in the next room and all the complications that

She tried to put some enthusiasm into her assurance that she would be sufficiently rested after lunch. But there had welled up in her mind the realization that this man of whom for some time now Joan had been seeing so much was a man with whom March had conspired. A man who knew, doubtless, how the trap had been baited for Selkirk; knew, too, what she herself did not—why

the diabolical web had been woven around herself. She sickened and a mist "Steady, mumsie!" Joan's arm was round her shoulders and Cornbois was flinging open a window. "Don't faint, there's a pet! Come to your room won't you? I'll deal with—with the florist."

'No, dear, thank you." Mrs. Hallett gathered her strength with an effort. "It was just a passing faintness. . . . There's the gong. You run along."

She looked entreatingly into the girl's eyes and Joan answered with an

"Righto! Come along, Mr. Cornboise, she always was a stubborn parent

They passed out. Almost immediately Harcourt entered with a tray.
"In here, madam? Miss Hallett's room, if I might venture to suggest it, "In here, I think, Harcourt. Miss Hallett has got a 'muddle' in there and

has locked the doors."

Harcourt smiled discreetly. He had been with the Hallett's since their marriage and knew well that Joan's "muddles" could necessitate a temporary

That is all I shall want," continued Mrs. Hallett, " and when I've finishe Il ring and then go and rest for a few minutes. There's nothing wrong with e except fatigue

Very natural, madam, after such an ordeal as this morning. Most regre A little wine, madam?"
Nothing else, Harcourt. But shut the window."

As the butler left the room, Mrs. Hallett's energy returned to her. She rose on the little table at which he had installed her, picked up the tray and went across to the folding doors. As she threw them open, the man sitting huddled in a big chair near the

"Sit down again, Mr. Selkirk. I'm afraid you've been waiting some time, but I wasn't free to come before. I've brought you some lunch; don't let's talk

with a short laugh, Seikirk sat down again. Mrs. Hallett placed the tray like it is short laugh, Seikirk sat down again. Mrs. Hallett placed the tray like it is short laugh. Seikirk sat down again. Mrs. Hallett placed the tray like it is short laught sate that when interruption here," she said as she turned toward. "I expect that when my daughter brought you here you wondered the you were not, perhaps, walking into a trap; I am very glad you conted to come."

grim smile fitted across Selkirk's face.
atching him, Mrs. Hallett received again the impression of a slumbering aintly struggling to wakefulness. One would never have guessed that he

been in prison.

"Miss Hallett gave me no opportunity to refuse," he remarked. "She said,
"Miss Hallett gave me no opportunity to refuse," he remarked. "She said,
ase come with me—I'm Joan Hallett—my mother wants to speak to you,'
when I hesitated she added: 'Don't be a gink! She's just as much in the
as you are.'".

fra Hallett smiled also. The echo of Joan's persuasions brought a breath into the room. She noticed that as he spoke of her daughter Selkirk into the room, his gaze roving from the poster covered walls to the hall litter on the table and the orange trees growing in their pots by the

If daughter expresses herself rather forcibly," she said, "but she has immarised the situation excellently. We are both of us in danger, Mr. because we are both innocent of murder and yet either of us may be with it. At the moment your danger is much more immediate than

bey must be after me already, then. Well, I expected that. That's ade me decide to try to see you while I could, Mrs. Hallett. Yes, I was may here when you sent your daughter for me."

"We have not so much asse eat something," Mrs. Hallett urged him. "We have not so much ... No, I don't want anything myself. I never can eat in a crisis, will need all your strength."

need all your strength."

tily at first, Selkirk began to eat; but gradually, as Mrs. Hallett

THE GUMPS-A LETTER FROM CARLOS

Film, but One You'll Enjoy

The Picture We Mean Is "Off the Highway."

"OFF THE HIGHWAY" Produced by Producers and Distribut Directed by Tom Forman. Presented at Neighborhood theaters,

THE CAST.

By Mae Tinée. Good Morning!

Off the highway, now and then, are acountered folks worth meeting and nings worth seeing. This picture, off the beaten path of first run producions, proved quite worthy a detour.

It is an adaptation of a novel "Tatterly," by Tom Gallons. Read it? Neither have I; but I've a hunch it night be worth reading.

The story is about a rich old fello

him. Not a twin or anything like that, but years of propinquity have made a announced yesterday. Among those resemblance into a downright double.

There are plenty of relatives hang-paign committee are Mrs. George B. There are plenty of relatives hanging around waiting for Caleb to die.

The one who isn't and to whom he

daubing or in any way kowtow to his man Waldeck. This committee is to

Well—Tatterly dies that same night. Caleb looking at him notes the resemblance and it occurs to him that it would be a good idea to find out how Episcopal Women to Give folks would speak of Caleb Fry, who had died and failed to remember any \$1,000,000 Thank Offering of them in his will. He changes clothe and identities with Tatterly.

He finds out just how his world re

gards him, and the rest of the story has to do with his adventures while he's finding out. William V. Mong, who owns an onion farm and is one of the best character actors in films, does some fine work in the double roles of Caleb and Tat-

And, So, All's Well in the Illinois Nowanights.

"THE GRAB-BAG":

show devised and jut together by (by A. L. Erlanger) September (1925, in the Illinois Theater, with Mr Wynn, Warner R. Gault, Miss Eva Shirley, Miss Dorée Leslie, Albert Shaw and Samuel Lee, the Messrs. LeGrob, the Misses Ormond, Miss Fern Rogers, William Earl and Francis Bell, Miss Eileen Hamilton, Boys, and some others.

None of the other jest-men of the for themselves. Thus they will look for a new mental kick. This leads me to believe that plays having plots based upon psychology will receive recognition."

Several producers agree in forecasting the doom of the "box offices sex play." This type, which relies on an over-abundance of sex material and a number of daring scenes to attract patronage, already is losing in the popularity race, they believe.

Jolson—undertakes to deliver so large a part of his show as does Mr. Wynn. He is in the balm called "The Grab-Bag" much as he was three years ago in the panacea called "The Perfect Fool"; and I, for one, would not have him otherwise. His lisped kidding has thought and plan and design; he manages it without indiscretions; and most of it possesses the merit of implying that those who pay to see him take their brains with them to the thetheir brains with them

I suppose for the same biography. This work, the supering will be a throw-back to psychology one of them is when in with the glorification of passion as the board will see their object and its great motivating ists how to play, and the acrobats how to play and the acrobats how to walk on their hands, and the dancers how to step in rhythm, and Extended to Country all men and all women, also, if they

Why "Evelyn" Is Sverybody's Pal but Nobody's Gal BY DORIS BLAKE.

"Everybody's pal—but nobody's gal! That's Evelyn, as she tells it her-elf. Never had a sweetheart of her own. In her twenties, Evelyn is. Not the late twenties, either. Not even a romance of a week to tell the rest of the gang about. She frankly ad-mits she has tried hard to get her a beau, but all she has been able to attain in her twenty-odd years is the of-fice of pal, listener for some other girl's beau. They, the other girls' darlings, come to Evelyn for advice; tell her their troubles, tell her of the wonderful one they have just met. Evelyn gives them all her time and attention listening to good or unhappy times they have spent. And then they turn around and take another girl

What is the matter with me?" she asks. "I have loads of girl friends. Their mothers like me. Their toy friends like me. But nobody especially wants me. I dress as well as the next girl, so that nobody need be ashamed of me. I'm not so terribly

DORIS BLAKE ANSWERS Lost Interest.

Dear Friend: I am 18 years of ago and have been going with a fellow 3 years my senior. I love him and I know he likes me, although he does not

tell me or show it in any way. He tells it to other people. Lately he has not been giving me much attention and hardly speaks. I have done nothing to him and cannot understand what is the trouble. I have tried to forget him, but cannot. What should I do to win his love or

friendship? HEARTBROKEN."

It isn't what he tells others but his treatment of you which actually counts. He couldn't be unkind if he really cared. It looks as though he'd lost interest.

"Dear Miss Blake: I have a boy friend whom I term very much a "gen-tleman." He knows just how to act everywhere I go with him. The only thing I dislike about him is his habit of not escorting me from his car to the door. I am not used to doing this with other boy friends. Why should I do it with him? Is it proper to tell him that I would like to be escorte

WINNIE WINKLE, THE BREADWINNER: Advance Information

Expert Operator

Takes Risk Out of

Permanent Waving

Estelle has that fine mouse gray hair

without natural curl and hard to man-

age. She has tried bobbing it but the

operation was not a success, so she has gone back to long hair. It was

never known, in its heyday before the bob, to reach below the shoulders. Now

it is but half way to shoulders and most difficult to manage.

She asks the advisability of a perma

nent wave. Having had one before

she is a trifle wary. That other time her hair being of such fine structure

and the curl given so tight and hard, she emerged from the beauty parlor

I think they have made fine strides

COLOR

Bewitching

"She used to be so plain; now she's positively pretty!" Nothing in this world can work that magic except color.

There's a new witchery of color. A new method, an entirely new material. It is makeup of an utterly different sort. The name is JARNAC. The formula is French. But all America has accepted JARNAC almost overnight. Because:

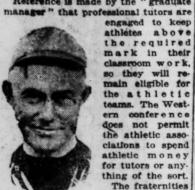

You don't scrub this rouge off a brick-red, brick-hard cake into delicate pores. You use no bedraggled puff. Nor do you need any lipstick. JARNAC does away with all. JARNAC is moist color—made of solidified pure oils—a true blood-red. A fingertip tinged with JARNAC gives your cheeks a glow, and your lips a brilliance perfectly natural. It's a joy to apply—a three-minute job—and how this oilbase film of color lasts! Moist itself, it is impervious to moisture. And good as any ointment for the skin.

If you "want what you want" remembers.

BIG TEN BARS HELPING PAY ATHLETES' WAY

"Pro" Tutors Used in East Are Taboo-Here.

BY WALTER ECKERSALL. ARTICLE II. is made by the "graduate

engaged to keep athletes above the required mark in their classroom work, so they will re-main eligible for the athletic teams. The Westdoes not permit

thing of the sort. now take a per sonal pride in having all their

members, athletic and otherwise, pass their courses each semester. If an ath-lete or any other member is found close to the danger line, other members of the fraternity take him in hand and help him over the hurdle. This is ially true of the Western confer e, and fraternity men who are unable to make an athletic team take pride in the fact they can render their university or college a service by tu-toring one of their own members who may be a member of one of the school's athletic teams. May Help College Mates.

There is nothing in the conference code to prevent alumni, fraternity men, and others from "rushing" desirable preparatory school athletes, but there the athletic staff from doing this. Following is the rule:

Directors and coaches should not initiate correspondence or interviews with high school athletes. It is the opinion of the conference that in this respect athletic direc-tors, coaches, and all persons connected directly with the university The "graduate manager" refers to football's pork barrel and how jobs are

for athletes who have not the to pay their way through school. Rule 6 of the conference code states how athletic associations may legitimately incur expenses. This rule eads as follows:

(a) Traveling Expenses. — However, only eligible players, coaches, trainers, and managers, not to ex-

be carried at the expense of the athletic administration to any sin-

c) Medical expenses connected with training or disabilities incurred in practice or in contests.

(d) Expenses incurred in providing players with inexpensive sousweaters, photographs, etc., provided there shall be no element of in the giving of such souvenirs.

Must Do Real Work.

tudents the following western confer-nce rule covers the point thoroughly: Concessions under the control of the athletic authorities shall not be awarded to students except upon competitive bidding. The awards must then be approved by the uni-

wersity eligibility committee.

In the matter of jobs, a students' employment bureau, usually handled by the T. M. C. A., is established at most of the Big Ten schools. It is the universal custom for the conference directors to refer men who want jobs to the officers of these employment bureaus. The big point here, however, is not whether or not an athlete s section reads: No person who receives a regu-

lar annual or monthly compensa-tion from the university for serv-ices rendered shall be eligible to to play on any team.

Vitralite Justomobile Enamel System

To those who are disappointed with "everlasting" motor car finishes

Now that you have seen the defects of the "everlasting" motor car finishes, investigate the Vitralite Automobile Enamel. System—more durable, quicker and lower in cost. And dependable—tried and proven, and used by paint shops all over Chicago. Chicago.

Vitralite Automobile Enamel is comparable in quality with the finest of motor cars and is designed for use on such. However, so economically can it be applied by the auto painter, that the cost of a Vitralite job brings it within the reach of every motorist.

With this remarkable new system of auto-mobile painting you can now have your car finished a glowing, lustrous color of your choice, in one week's time.

battles against the Pirates today with another vic tory in eleven in-St. L. at Chicago [2]. Cleveland at Detroit. New York at Phil'a.

nings of rough house fighting and tonight the Pittsburgh con enders left for St Louis, holding a seven and a half games lead over the Giants, but suffering with a nervous complex. The score in the 9 to 7 and it gave the Cubs three out of four in this

series and twelve out of twenty-twe attles with the Pirates for the season The contest today was so hot that a fist fight started in the eighth inning when Emil Yde, the Swedish southpaw went into a tantrum of rage and tried to clinch the pennant right there under the Marquis of Queensberry rules. I'de had been sent to third base to run for Barnhart who had reached that station with only one out. A moment later the batter bounced one to Pittinger and Yde tried to score, hitting the dirt in desperation with spikes raised high

Yde Out, Seeks Battle.

Hartnett tagged him out but perhaps said something, too, for Mr. Yde bounced to his feet and began swinging left hooks and right crosses. No blows were landed because Charles Rigler was umpiring at the plate and clinched with the irate Pirate and bore him off to the bench. That Rigler could push over a building. Hartnett was allowed to continue to play but Yde was orgered to the showers to cool off.

Tony Kaufman was the Cub hurler and would have won handily in reg-ulation time but his support cracked in the seventh and the Pirates got three undeserved runs. The Cubs went right out in the eighth and tied it again, a homer ty Freigau, a single by Jahn, a double by Grigsby and a single by Grimm doing the business before any one was out. Kremer was knocked out and Babe Adams called in. Then Morrison came to the rutber and

It was a blow-up by Glen Wright that gave the Cubs the victory in the eleventh. First he fumbled Hartnett's grounder and then fumbled Kaufman's. Adams bunted to Morrison, own strength or the who whirled to make a play at third of the modern car.

FRANCHISE OF

READING SOLD

TO SYNDICATE

Reading, Pa., Sept. 9.—(P)—Sale of the Reading franchise in the International league to a Newark syndicate headed by Charles A. Davids of New York was announced tonight by President E. J. Poole. A special meeting of the league directors has been requested by Mr. Poole, when ratification of the sale will be asked.

Mr. Henry at the Pacific terminal, that the coast to coast journey can be made comfortably in a week's time by the average business man, if reasonable care is taken in preparation and recheduling. We made this test run in a stock sedan whose only unusual feature is a Pullman bed which rerminis driving the car twenty of each twenty-four hours. Better roads and markings make night driving ideal. If motorists entire the possibilities in long distance touring they would get more value from their motor investments.

The Chicago terminal wide road campaign has enjoyed a prosperous season. The purchase price was not revealed.

Major Standings MACKS SINK GRIFFS, 9-7, TO SPLIT SERIES

Philadelphia, Sept. 9.-(P)-Apparently the Athletics have acquired good-luck mascots, two

little pickaninnies but a trifle late. With two ebonyhued youngsters on the steps, the Mackmen again today took the measure of Washington, 9 to 7, in a tumultuous, free hitting battle, earned an even break on the four game series and cut the margin of the league leading champions to seven

games. This comeback of the Athletics bids fair to prolong the American league pennant issue but it is a virtually hopeless task for the Mackmen to overtake their rivals. Peck Almost a Hero.

Al Simmons, slugging center fielder, Lefty Baumgartner, and Eddie Rommel, veteran knuckle ball twirler, were the heroes of the Athletics' victory, but the mighty bat of Roger Peckinpaugh, 'Old Warhorse" of the Washington glehanded. Peck, smashing homers in both the

third and fourth innings, rang up four runs with those blows, drove in a fifth with a sacrifice fly, and another on an infield out. The rampaging Mackmen overcame

the Senators' big lead with a sensational five run rally in the sixth inning that drove Tom Zachary from the box. The telling stroke for the A's in the sixth was delivered by Simmons, who lashed out a triple with the bases full, after two runs were in Given Win for One Pitch.

ton, which drove out Rube Walberg, the bases full, two runs already in, and two out in the sixth. Lefty Baum gartner, rushed into this breach, retired Rice for the third out. This was the only batter Baumgartner faced, for he was withdrawn for a pinch hitter in the next half of the inning, yet he gets credit for the victory.

Rommel shared the pitching honors

with Baumgartner by coming to the rescue of Groves in the eighth. Rommel retired the Senators after two men had reached bases with one out. and then kept the champions again at bay in the ninth. Score:

ROMMEL SPEEDS BY **DETECTIVE'S CAR; GETS** OFF WITHOUT FINE

DHILADELPHIA, Pa., Sept. 9. -(A) - Eddie Rommel, knuckle ball pitcher of the tottering Philadelphia Ath-letics, won a victory today.

Hurrying home from the ball park in his motor car yesterday, he crowded a small automobile against a curb and today found himself before Police Magistrate Lindell for speeding. The small machine happened to be driven by a detective who appeared against the Athletics' star.

"Eddie didn't know he had scraped me," said the detective.
"He apologized like a gentleman and said if there was any damage he would pay for it. I got kind of sore when he passed me and that was why I ran him in."

"That's right, judge," said Ede. "If everything's all right, I'm anxious to get away. We've got a meeting at the ball park this morning, and I'm hoping to pitch this afternoon." "All right, Eddie," said the magistrate. "Run along. It's

CORN YIELD CUT 65,000,000 BU

BY CHARLES MICHAELS. Extreme heat and continued drought ate in August caused a reduction of 65,000,000 bu in the indicated yield of corn, as compared with the government's returns of the previous month, the report given to the trade late yesterday showing a prospective crop of 2.885,000,000 bu, compared with 2,950,000,000 bu the previous month, and 2,-437,000,000 bu in 1924, when the yield was sensationally low.

a gain of 21,000,000 bu in the spring wheat crop, and of 75,000,000 bu oats, while the yield of barley was raised 8,000,000 bu. Total crop of the five leading grains is 5,321,000,000 bu, an increase of 37,000,000 bu as compared with August, and of 473,000,000 bu as compared with the harvest of 1924. No report was made on winter wheat and rye, and the figures will remain unchanged until the final returns in December.

The five leading grains have a valua-tion of \$4,323,000,000 as of Sept. 1, this figure being based on the price prevailing for the September delivery at Chica-go for wheat, oats, rye and barley and the December delivery on corn at that time, or only \$106,000,000 less than on Aug. 1 compiled on the same basis, and this despite the big reduction in the corn

Corn Crop Very Spotted.

The corn crop is extremely spotted, the excessive heat and drought causing a reduction of 42,000,000 bu in the yield in South Dakota during the month while Minnesota was reduced 9,000,000 bu, as was Illinois, the showing of the latter state with a total of 378,982,000 bu being a distinct surprise in view of the pess mistic reports that have been received of late. The Iowa crop was practically the same as the August figures, while Ohio was raised 9,600,000 bu to the largest yield in the history of that state. Ne-braska was increased 13,500,000 bu and Kansas more than 7,000,000 bu.

Nine surplus corn states have a crop of 1,960,403,000 bu, a reduction of only 34,-500,000 bu during the last month, and comparing with 1,541,291,000 bu harvested

A spring wheat crop of 284,000,000 bu, or 21,000,000 bu more than a month ago, was shown, and the figures material! exceeded the average of the recent private ate guesses. The total is 1,000,000 bu is excess of last year's harvest despite black rust and other damage. The four northwestern states have 204,085,000 bu a gain of 16,700,000 bu as compared with August. North Dakota was raised 12, 400,000 bu during the month, due to the larger yield of durum than anticipated. ter wheat crop is 416,000,000 bu and the total of all wheat 700,000,000 bu, com pared with 873,000 bu harvested last year

and a five year average of \$37,000,000 by

Oats Show Big Increase. Late oats have vielded much bette sponsible for the surprising increase of 75,000,000 bu in the estimated crop to total of 1,462,000,000 bu, a figure that ha only been exceeded four times in the his-tory of the country. Last year's harves was 1,542,000,000 bu. The barley crop of 222,000,000 bu compared with 188,000,000 bu last year and is the fourth largest of 1,461.945 1,387,349 1,541,900 1,327,642

NO INVESTOR EVER LOST A BOLLAR IN

\$700,000

STARCK BUILDING

First Mortgage Leasehold 61/2% Sinking Fund Gold Bonds

Dated August 1, 1925

Due August 1, 1945

Interest payable February 1st and August 1st. Coupon Bonds in denominations of \$1,000, \$500 and \$100, registerable as to principal only. Callable as a whole or in part on any interest date upon sixty days' notice at par and accreed interest plus a premium of three per centum of the principal if called for redemption prior to August 1, 1940; the premium thereafter decreasing at the rate of one-half of one per centum of the principal per annum. Principal and semi-annual interest payable at the office of The Foreman Trust & Savings Bank, Chicago, Trustee. Interest payable without deduction for the Normal Federal Income Tax not in excess of 2%.

The following information is contained in a letter from the 228 South Wabash Avenue Building Corporation:

Location The Starck Building will be located at 228 South Wabash Avenue, Chicago, approximately eighty feet north of Jackson Boulevard, within the Loop and in the very heart of the retail furniture, carpet and piano district. Within approximately one block of the building are located the Steger Building, Davis Dry Goods Company, Kimball Hall, the new Straus Building, the Lyon & Healy Building, the Lytton Building, the Railway Exchange Building, the new Hartman Building, the Revell Building and the new Palmer House.

Security These bonds will be secured, in the opinion of counsel, by a closed first mortgage on the leasehold estate in the land at 228 South Wabash Avenue, and on the building to be erected thereon. The land has an area of approximately 9,280 square feet, fronting 54 feet on Wabash Avenue, with a depth of approximately 172 feet. Upon this site will be erected at once a modern ten-story retail store and commercial building of reinforced concrete and brick fireproof construction containing approximately 75,000 square feet of rentable floor space.

The ground lease, running 99 years from lanuary 1.

The ground lease, running 99 years from January 1, 1888 at an extremely low rental and without revaluation, has an unexpired term of over 61 years. The fair market value of the leasehold estate and the completed building, has been independently appraised at more than \$1,200,000, against which there will be outstanding a first mortgage indebtedness of only \$700,000, represented by these bonds.

The total first mortgage debt is therefore less than 60% of the appraised fair market value of the completed property.

Earnings Based on leases already contracted for and under negotiation, the estimated annual net earnings of the building available for interest and sinking fund payments, after operating expenses, ground rent, taxes and a liberal allowance for vacan-

cies, will be in excess of \$106,000 per annum, or 21/8 times the maximum annual interest requirements of the first mortgage bonds.

The P. A. Starck Piano Company has contracted to lease the ground floor and basement of the building for a term of years; and rentals payable under this lease alone will be nearly sufficient to meet the payment of yearly ground rent and the maximum annual interest requirements of the entire bond issue during the period of such lease, without taking into account the decreasing interest charges due to sinking fund retirements. This lease will be specifically pledged with the Trustee under the mortgage.

Sinking Fund The mortgage will provide for monthly payments to the Trustee equal to one-twelfth of the annual interest and sinking fund requirements. Beginning August 1, 1927 and continuing to July 1, 1945 the unexpended balance of this fund after payment of current bond interest will be applied by the Trustee semi-annually to the purchase of bonds of this issue in the open market at or below the current redemption price or to their call by lot at the eurrent redemption price. It is estimated that the sinking fund will retire approximately 75% of the insee hy materity.

Guarantee of Completion A surety bond of a responsible surety company guaranteeing completion of the building as provided in the mortgage and in accordance with plans and specifications, will be deposited with the Trustee.

General The leasehold estate has been appraised by Mark Levy of Mark Levy & Brother, and by E. M. Willoughby of Willoughby & Company. The value of the completed building has been appraised by Frank D. Chase, Inc. All legal matters in connection with this issue will be passed upon by Messrs. Pam & Hurd, Chicago.

These bonds are offered when, as and if issued, approved by counsel and received by us.

Price: 100 and Accrued Interest, to Yield 61/2%

Why not follow the banker's lead?

Sales of Miller Bonds to banks are on the increase. The reason is easy to understand. This type of investment has, to a superlative degree, those qualities that the experienced bank official demands when he buys for his own institution. Miller Bonds have a proved and unquestioned security—there is no risk for bank funds thus invested. Miller Bonds main-

tain a known value—the bank does not find its list of Miller holdings depreciated because of market conditions. Miller Bonds yield a liberal return. The bank funds invested in this type of security are earning more than they could otherwise, with equal safety.

THE very reasons that the professional banker has for his wholesale purchases of Miller Bonds recommend them also to the business man who wisely desires to place a portion of his holdings "beyond the reach of the ticker." They apply also to professional people, salaried men and women and wage earners who may practice economy sensibly by following the banker's lead.

These qualities of Miller Bonds appeal to all true investors: An enviable record of never a loss to any investor. Interest up to 7 per cent. Normal federal income tax refunded. Various state taxes refunded or paid. Genuineness of each bond certified by a bank. Denominations of convenient size - \$100,

Bonds with an unconditional and independent guarantee of principal and interest available.

The Miller Analytical Department is ready to help you

The services of our Analytical Department are yours for the asking, and at no expense to you. This group of specialists will be glad to aid you in "weeding" the less desirable holdings from your investment list, and in advising you as to the correct type of investments to substitute for them. Remember that the Analytical Department is not a sales department, and that its services do not depend upon your being or becoming a customer of the Miller House.

MILLER MORTGAGE BONDS

Listed Stocks Monthly Payments

Sometimes it is wise to go into debt. Persons who do so to buy homes or to invest in sound securities are not making a mistake. They are pursuing a course which has enabled many others to get ahead.

Our Monthly Payment Plan for buying listed stocks was devised to enable you to go into debt wisely. By this plan you can purchase from 5 to 500 shares of any good listed stock you wish, paying a part of the purchase price down and the remainder in twelve monthly installments.

You will get ahead more rapidly when investing by this plan. You obligate yourself for a definite amount each month and save more and invest more than you otherwise would. The high earning power of the stock and the possibility that it will increase in market value are added incentives to save and invest.

Ask for booklet describing this new investment plan. No obligation. Investors Fidelity & Deposit Co.

*To be secured ratably with the present issue.

"The following information has been summarized by Mr. John Barneson, President of the Corporation, from his letter:

Business and Property: General Petroleum Corporation is engaged in producing, transporting and refining crude oil and in the wholesale marketing of fuel oil and petroleum products.

The present land holdings located in the principal oil fields of California total in excess of 43,000 acres, including large blocks of proven but undeveloped

The Corporation's refinery near Los Angeles and topping plants at Olinda and Lebec, California, have a daily capacity of over 60,000 barrels. Refinery facilities include a complete lubricating oil and grease plant. The pipe line system owned by its subsidiary, the General Pipe Line Company of California, consisting of 423 miles of main line pipe and over 300 miles of gathering lines, connects the Corporation's principal producing properties with its main storage reservoirs, refinery and rail and water loading terminals. Marine equipment includes ten tank steamers with an aggregate capacity of over 750,000 barrels. The Corporation owns eight of these vessels and operates two under long time

The present daily production from 392 wells is over 31,000 barrels and, in addition, 311 wells with a potential daily production of over 5,000 barrels are shut in and held in reserve. Purchases of crude oil from other producers at present average 40,000 barrels per day.

Earnings: Consolidated earnings for the three fiscal years ending June 30, 1925, certified by Messrs. Haskins and Sells, were as follows: Fiscal Year Ended June 30.

1924 Gross Income (after operat-\$15,423,827 \$17,696,352 \$15,778,173 .. 7,447,820 7,018,061 6,743,094

Balance before Interest. The balance before interest, depletion and Federal

income taxes for the three-year period ended June 30, 1925, as shown above, averaged \$9,229,792 per annum, which is equivalent to more than 6.3 times the maximum annual interest requirement of \$1,457,-220 on the total funded debt to be presently outstanding, After deducting depletion as shown, such average earnings were over 5.9 times such interest

White, Weld & Co.

Purpose of Issue: The proceeds of this issue will be applied to the retirement of \$7,837,000 Ten-Year 7% (first mortgage) Gold Notes, \$138,400 6% Convertible Gold Notes, and the bank loans of the Corporation, and will provide for a program of development in the Corporation's producing, manufacturing and marketing divisions and will provide additional working capital to meet the needs of its steadily expanding business.

Security: These Bonds, in the opinion of counsel, will be secured by a direct first mortgage on all the fixed property of the General Petroleum Corporation, including oil lands, leases, refineries, and storage facilities. The Bonds will also be secured by a mortgage on the tank steamers owned by the Corporation. The Bonds will be further secured by pledge of all the capital stock, except Directors' qualifying shares, of the General Pipe Line Company of California and other subsidiaries. The Corporation agrees not to permit any subsidiary company to mortgage or pledge any of its properties while any bonds are outstanding under this Indenture, except that purchase money mortgages may be created.

The remaining authorized Bonds may be issued to retire the Five-Year 6% Gold Notes or for other purposes under the restrictions provided in the Indenture.

Sinking Fund: The Indenture will provide for an annual Sinking Fund of \$800,000 payable in equal quarterly installments commencing January 1, 1926, to be applied to the purchase of Bonds at not exceeding the redemption price or to redemption by lot. Whenever bonds in addition to these \$18,000,000 are issued, an additional Sinking Fund will be established sufficient to retire at least 64% of such bonds by their maturity.

General: The consolidated balance sheet as of June 30, 1925, adjusted to give effect to the present financing, shows property and plants, less depreci-ation and depletion reserves, of more than \$62,-000,000 and current assets in excess of \$42,000,000. Current liabilities aggregate less than \$8,000,000, while total funded debt outstanding, including this issue, amounts to \$27,287,000. The Preferred and Common Stocks of the Corporation (par value \$31,-748,250) at present quoted prices have an indicated market value in excess of \$50,000,000.

It is expected that application will be made to list these Bonds on the New York Stock Exchange

We offer the above Bonds subject to authorisation by stockholders and the Commissioner of Corporations of California, for delivery when, as and if issued and received by us and subject to approval of counsel. All legal details will be passed upon for the Bankers by Messra. Pillsbury, Madison & Sutro, San Francisco. Interim certificates secured by cash impounded with The Bank of California, N. A., or its agents will presently be available for delivery.

\$900,000

General Power & Light Company One-Year Mortgage Lien 6% Gold Notes (Closed Issue)

Dated September 1, 1925

Due September 1, 1926

Interest payable semi-annually, March 1 and September 1; at the Guaranty Trust Company of New York. Coupen bends in interchangeable denominations of \$500 and \$1,000, with privilege of registration as to principal.

Redeemable in whole or in part on thirty days notice at 101 and interest.

The Company agrees to pay interest without deduction for any Federal Income Tax not exceeding 2% which the Company or Trustee may be required or permitted to pay at the source. Personal Property Taxes of any State, under any present law, not in excess of five mills, Michigan five mills tax, and the Massachusetts Income Tax on the interest not exceeding 6% of such interest per annum, refundable to resident holders upon timely and appropriate application.

The following information is summarized from the letter of Mr. E. J. Condon, President of the Company:

Properties The General Power & Light Company has been recently organized to own and operate, either directly or through subsidiaries, (all of whose stock will be owned except Directors' qualifying shares), an Electric Light and Power, Gas, Water and Ice business, in the cities of Traverse City, Michigan; Bisbee, Lowell, Warren and Yuma, Arizona; Calhoun, Slaughters, Seebree and Corydon, Kentucky; Winnemucca, Nevada; Morgan, Littleton, Richville, Milton and Portersville, Utah; Malad City, Idaho; Cokeville, Wyoming and in other towns and surrounding communities. This diversified Public Utility service is rendered to a population estimated in excess of 60,000 people in prosperous communities in which are represented such various interests as agriculture, mining, manufacturing, dairying and live stock.

Security These Mortgage Lien Notes will be secured in the opinion of counsel by a First Mortgage on all of the properties of the Company in Kentucky and will be further secured by deposit with the Trustee of all the capital stocks of Boardman River Electric Light & Power Company, a corporation of Michigan, Arizona Edison Company, a corporation of Arizona, and the Western States Utilities Company, a Delaware corporation. Valuations as reported by Day & Zimmermann are well in excess of the total amounts of both bonds and notes. Each of the subsidiary companies serves under

adequate franchises or public service commission supervision.

Earnings Consolidated statement of earnings for the twelve months ending June 30, 1925, as follows:

Operating Costs, including maintenance and taxes.

Interest on underlying bonds.

Net earnings applicable to interest charges on these Notes are more than 3 times interest requirements. Earning statements of the Kentucky properties and of Cokeville, Wyoming, have not been audited and are therefore not included in the above statement of

Purpose of Issue The proceeds of these Notes will pay in part for the acquisition of the properties and Securities pledged under this issue.

Management The management of the Company and its subsidiaries is in the hands of Mr. E. J. Condon, President of the Company, who has had a long and very successful record as both owner and operator of important Public Utility properties.

We offer these Notes if; when and as issued and received by us; subject to approval of legality of Councel. Price 100 and Interest, to Yield 6%

U. S. TREASURY STATEMENT

Moderate Cost for Loans

Many persons have come to the Morris Plan Bank, willing to pay almost anything to get a loan. The necessity for immediate funds is so great, that the borrower sometimes forgets to mind

Morris Plan loans are made at the lowest possible rate consistent with the privileges extended.

On comaker loans there is only one rate charged by the Morris Plan Bank. There is no dickering-7% per annum plus a small fee, which never exceeds \$5, is the charge. No loans are made at a greater rate of interest and none are made at a lesser (except in the case of collateral loans, secured by marketable collateral, where the rate is 6% discount and no fee

Associated Gas and Electric Company 6½% Interest Bearing Option Warrants \$35 Paid

Carrying detachable Common Stock Purchase Rights

Each Option Warrant when fully paid to be exchanged for either \$100-6% Convertible Debenture Bond or 1 Share \$6.50 Dividend Series Preferred Stock at the option of the holder, and in addition, in either case

1/2 Share of Common Stock

61/2% INTEREST BEARING OPTION WARRANTS, \$35 Paid are fully registered and transferable. Interest payable quarterly on December 1, March 1, June 1, September 1. Balance of \$60 may not be called for payment prior to January 5, 1926, nor for more than \$10 per installment, nor at intervals of less than 90 days. National Bank of Commerce in New York, Registrar

STOCK PURCHASE RIGHTS will entitle the holder thereof to purchase one share of Common Stock for \$20, after March 1, 1926, and on or before September 1, 1927, or for \$30, thereafter and on or before September 1, 1930.

For a description of the 6% Convertible Debenture Bonds, \$6.50 Dividend Series Preferred Stock and Common Stock, reference is made to the letter of the President of the Company, dated August 15, 1925, copies of which will be furnished on request.

The Company and its subsidiary and affiliated companies, including the Pennsylvania Electric Corporation, which operates the Penn Public System, own, control, or operate public utility properties which have been in continuous, successful operation for

varying periods up to seventy-three (73) years. The Associated group, including the Penn Public System, supplies electricity, gas and/or water to more than 300,000 consumers, serving a total population than 300,000 consumers, serving a total population estimated at approximately 2,000,000 in 900 communities in New York, Pennsylvania, Maryland, Massachusetts, New Hampshire, Maine, Connecticut, Vermont, Ohio, Kentucky and Tennessee, and the City of Manila. The properties include hydro-electric and steam generating power stations, with an installed capacity of more than 250,000 k. w.; 2,500 miles of high tension transmission lines with a construction; was allested with tional lines under construction; gas plants with a daily capacity of 4,535,000 cu. ft. and 300 miles of gas mains.

Consolidated earnings as reported by the Company and including subsidiary and affiliated properties now operated for the twelve months ended May 31, 1925, show gross revenues of \$24,165,807 and net earnings after operating expenses, maintenance and taxes (including deduction for minority interests but excluding Federal Income Taxes) of \$10,439,544. After bond interest and preferred dividends of subsidiary and affiliated companies and annual interest requirements on Associated Gas and Electric Company Secured Gold Bonds, the balance of \$5,452,772 available for interest charges on 320,000 61/6/ Ontion West for interest charges on 320,000 61/2% Option Warrants (\$35 Paid) and the 61/2% Convertible Debenture Certificates (Manila Series) now outstanding equals 4.14 times annual interest requirements on these

The above earnings are based on the proposed ownership of all the common stock of Pennsylvania Electric Corporation contemplated by this financing. Should the entire amount of such stock not be acquired, the earnings will be proportionately reduced and the available cash increased.

Of the net earnings for the twelve months ended May 31, 1925, 80% was derived from electric light and power operations.

SUBSCRIPTION RIGHTS

Holders of Preferred Stock (all classes), Class A stock, 61/2% Secured Convertible Bonds of 1954 and C) have been given the privilege of purchasing for each two shares of stock held of record August 10, 1925, and for each two shares of stock into which Convertible Bonds and Debentures will be exchangeable, one 61/2% Interest Bearing Option Warrant. Security holders electing to exercise their rights to purchase Option Warrants must do so on or before September 17, 1925.

Any balance of Option Warrants which may remain unsubscribed for after the exercise of purchase rights by security holders, up to and including the date of expiration of such rights, will be available for allotment on subscription by others.

PURPOSE OF ISSUE

The net proceeds from the Interest Bearing Option Warrants, \$35 paid, sold on this offering, will be used in part payment or reimbursement for the acquisition of the Pennsylvania Electric Corporation, a majority of whose stock the Company has contracted to purchase, and for other corporate requirements.

MANAGEMENT

The J. G. White Management Corporation is and has been for many years the Operating Manager of the Associated properties. The operating companies enjoy favorable relations with the consumers.

The books of the Associated Company are and have been for many years audited annually by Haskins & Sells. Engineering reports on the Associated properties (except Manila) have been recently made by Edward J. Cheney, Esq., Consulting Engineer for the Company, and by Day & Zimmermann, Inc.; on the Manila Electric Properties by J. G. White Management Corporation and on the Pennsylvania Electric properties by Edward J. Cheney, Esq. tric properties by Edward J. Cheney, Esq.

All legal matters in connection with this issue of the Option Warrants, the 6% Convertible Debenture Bonds, the \$6.50 Dividend Series, Preferred Stock and Common Stock, will be passed upon by Travis, Spence & Hopkins, of New York and Roberts & Montgomery, of Philadelphia.

PAYMENT: The first payment of \$35 for each Option Warrant is payable at the time of subscription. The balance of \$60 may be called for payment, on 30 days' notice, at intervals of not less than ninety days, but no installment may be called for payment before but not before September 1, 1926, unless anticipated by the directors, the Company will deliver for each Warrant, \$100 6% Convertible adjustments to be made for accrued interest or accrued dividends, as the case may be.

Transferable Option Warrant certificates are ready for delivery. Holders of Warrants will receive interest at the rate of 65% dividends that may be paid on the Common Stock called for in the Warrants. Additional Option Warrants, not exceeding 50,000, are initial payment.

EXTENSION TO SEPTEMBER 17th: Because of unavoidable delay in the mailing of subscription right certificates and absence of skholders from their places of business, the Company has extended the time within which stockholders may exercise their rights to seemble to the above described warrants to and including the close of business on September 17, 1925. Notice is given, however, that a period will not be further extended, and that on and after said date the subscription rights certificates will become void and the subjection rights evidenced thereby will cause, unless the same have been previously exercised as provided therein. During the period of subscriptions will also continue to be received from the public, subject to allotment.

Subscriptions may be forwarded to the Company either directly or through any investment dealer who is a member of the Understing Syndicate of which Messre. John Nickerson & Co. are the Managers.
